Tsunami: Helping Each Other

Synopsis

In cooperation with UNICEF, Millbrook Press has created this poignant photographic journey of a family in the aftermath of the devastating tsunami. A portion of the proceeds of each book sold will go to the tsunami relief effort. The devastation of the recent Tsunami affects everyone, including children. Ann Morris and UNICEF photographer Heidi Larson traveled to the region of Thailand hit by the recent Tsunami to tell the story of a family before and after the event. The book discusses the family's experience during the storm and the chaos immediately following. But the focus is on what life was like immediately after the disaster: coping with loss; the availability of food, shelter, and clothing; post-flood disease control; and the children's attempt at re-entry into elementary school life.

Customer Reviews

Tsunami: Helping Each Other is a picturebook about the real-life tragedy of the tsunami that devastated Asia and killed thousands of people. Author Ann Morris and Unicef's senior communication adviser Heidi Larson asked themselves, what happened to the families that survived? How had the children's lives changed? In search of answers, they traveled to Thailand, which had 5,000 confirmed tsunami deaths and another 2,900 still missing. They visited families and

temporary schools, and saw the work that international agencies and relief teams were doing to help people get on with their lives. Illustrated throughout with full-color photographs, *Tsunami: Helping Each Other* is not about the destruction of a natural tragedy, but rather the positive influence that human beings can have on one another, and the hope they can spread, when they come together to rebuild, help the living, and pay tribute to those who have passed on. Highly recommended.
