## Customer Reviews

The item itself was in perfect, sealed condition. No problems with that. However, it took forever to get mailed to me. The latest possible receive date for the item was May 26. It arrived five days after that. Maybe I've been spoiled, receiving items on average two weeks after I order them, but my entire wait time was something like two months. I would probably order from another book seller next time. :/

I love the series but this one for some reason took Sooooooooooo long. I worried if it was going to come. Next time i'm probably going to buy at an another marketplace for the WHISTLE! series.

Bought the book used and was in great condition except maybe for the library sticker it had on it.

Great deal.
