Printing Practice Handwriting Workbook For Kids

Synopsis

Printing Practice Handwriting Workbook for Kids is designed to inspire kids' interest in learning and practicing to print letters, words, phrases, and sentences by hand. Kids enjoy reading phrases like, "No grown-ups allowed" and sentences like, "Puppies like to play." Exercises like these help to make learning fun, whether in the classroom or at home. This workbook focuses on writing letters, words, phrases, and sentences in print in three parts: Students first trace and then copy letters, words, and short phrases in Part 1. There are longer phrases and short sentences in Part 2. There is no tracing in Part 2. Part 3 challenges students to write their own expressions in response to writing exercises. May your students or children improve their handwriting skills and enjoy reading and writing these phrases and sentences.

Customer Reviews

This handwriting workbook is designed so that kids can learn to enjoy writing. The book begins with letters, but quickly moves up to fun sentences. The author created sentences in that are fun to read and copy. And at the back of the book are a series of questions the children can answer without realizing they are working on their handwriting. My daughter loved this workbook. The lines are standard handwriting lines and so were very familiar to her. The book is lightweight and opens easily so she didn't have to struggle with the binding while trying to write. Overall, this was a great book to get her to practice while still enjoying the experience. I would definitely recommend this to any teachers, home schoolers, or parents who want to add to their children's education. I received this book free of charge from Goodreads in exchange for my honest review.
