Customer Reviews

I purchased volume 1 many months ago and recently noticed that there was a volume 2, 3 and 4. So I ordered the 3 volumes I was missing thinking it must be the other questions since it claims to be "101 Questions" and volume 1 only had 15 questions. There is no "Look Inside" option so I couldn't see what was inside but when I got the volumes I was surprised to find out that these 3 volumes are just a repeat of what was in volume 1. The volume numbers are very misleading to say the least. I feel totally ripped off and will not purchase any more of these. How can anyone honestly number volumes that way and expect people to guess that the number doesn't really mean what it says... gave it a 3 because I like the books but buyers beware. Sorry.

I put these books out in our youth room so the children and youth can browse through them. The graphics are great and usually pull the youth into looking through the books. The explanations of each topic is clear and I think general enough to be used by any denomination. I hope to put them in our church pews in the hopes that the kids will browse through them instead of playing video games

during service. The cost is the only reason I have not yet done so, since alot of visitors may like them enough to walk off with them. They are a great evangelical tool for non churched youth, kids and adults

Art Aryis keeps it biblical. I like that and the price.

Great little book.
