Customer Reviews

I don't normally write reviews but in this case I'll make an exception. This is about two people that are a part of a wedding, having known each other for 2 weeks, begin to fall for each other. The male lead is a lieutenant in the Navy Seals while the female lead is a friend of his sister. The night of wedding, They share a passionate night together but the next morning, the heroine panics and leaves before he wakes up. The hero is sent out on top secret missions for a year while also trying to find the heroine. He receives a letter from his sister and takes 2 months leave to visit his sister. He sees the heroine again along with an unexpected miracle, I won't give anything more away, you'll have to read and find out for yourself. (Info about the hero and heroine below) The hero isn't your typical tsundere type but very patient and kind towards the heroine. The heroine was stubborn

at times but was willing to work with him. The heroine wasn't the type to try and keep the baby away from the hero like in most manga's of this type, which personally, I really liked. This had a really good love story to it. Instead of falling in love right away (when he comes back), he fights for her love but is also patient and they decide to become friends before lovers. Normally, I prefer the tsundere type over the yandere. However, the hero isn't your typical yandere type with the Navy Seals under his belt. Which personally, I also really liked! This manga didn't feel rushed and their love story felt real. I would definitely recommend this story.
