MOST ELIGIBLE COWBOY by Carly Morgan I received this book free in exchange for an honest review. Amateur photographer, Maya Vance, catches her husband in a compromising situation. When she finds out he married her on a bet, she becomes highly upset. After he announces his upcoming marriage to the woman he was found with, (her best friend) she leaves the company and moves away. Maya's aunt is opening a Bed and Breakfast in Peach Valley, Wyoming. She has asked Maya to do some photography for her brochure. When Maya meets Aunt Patty's best friend's son, Jackson, everything changes. She is determined not to jump into a relationship with anyone since she has just finalized her divorce. Jackson's father is dying. He has also delivered an ultimatum to Jackson. This involves finding a bride and marrying within a three month time span. This makes for an interesting situation. Is there really a love at first sight? I say, a yes. Voice of experience is speaking. I loved this book because I could identify with it. I read this book in one sitting!! I hope the author continues to write the sweet romance novels that everyone can read and enjoy.

Most Eligible Cowboy was a great book. I like the fact that it was only 15 chapters. I read longer books but love being able to finish one in a day. I also liked that there wasn't a lot of conflict in the story. Maya, a photographer, is newly divorced from her cheating husband and goes to photograph her aunt's bed and breakfast for a brochure. There she meets Jackson Bale, a widower with a young daughter, and they are each drawn to the other. There are some complications but nothing overwhelming and as they should, they get together in the end. I will be telling my friends about it because I believe they will enjoy it, also. (I also love books where the "bereaved" learns to love again!)

I received this for free and offered to give a review. This was a This was a good clean book with people who had problems but didn't give up. Maya has just went through a divorce after being

married only eight months but wants to move on with her life. Jackson is running his fathers ranch and trying to live after his wife has died. He also has a 4 year old daughter. His father has come up with a plan to get him married with in 90 days. Through their problems the two meet and become friends. It is a good book bringing put their feelings and them working them out. This is a new author to me and I will read her next book. I like a good clean book.

This was a sweet story about love and loss. The main characters were broken but not too much so. They both had been through a hard time and I loved how they found each other without even trying to. It was a quick and emotional journey. I loved the ending!

I enjoyed reading this clean romance novel despite finding a number of typographical errors within. I think a large part of that was that I share a love of photography with the main female character, Maya. I enjoyed reading her thoughts on photography and on what she thought made a great photo. I was glad to see that she used her talent and gift to bless others. As is common in this genre, lack of communication causes some friction among the two main characters. Maya and Jackson somehow don't think to discuss past relationships with each other, so each is surprised when something is revealed. I will commend the author that this plot device is used sparingly in this novel, for which I am extremely grateful. I did think the introduction/blurb overstated Maya's aversion to having a relationship with Jackson compared to what I read in the book. She fought the attraction a little bit at first but not very hard. I never got the sense that she didn't want to be part of his life.

Wow! Loved this book! Loved the way God used tragedy and hurt (broken roads) to bring about something wonderful in a second chance at love for Maya and Jackson. It happened quickly but they both knew from the start that this was something special and, with a sixty day ultimatum in play, that was crucial. My parents got married after know each other only 2 months and were married 47 years so I guess the fairy tale can come true sometimes!

Sweet, second chance romance. Set in beautiful Peach Valley, Wyoming, there are handsome cowboys, horses, sweet aunt Patty, and darling Ava. After heartbreak and betrayal, Maya and Jackson have an instant connection. A little drama livens things up in this western romance. This is a short story with a happy ending.
