Customer Reviews

My son really likes this book. Just like what he experiences when he goes to the masjid! It's a good book for kids young and old. I was entertained. :) It taught the proper names for things and even etiquette and manners in a way that kids can learn what to do when they go too!

I bought this book with an intention to make my son more excited about going to the mosque, and to know more about the Masjid etiquette. Well, this book serves just that! The illustration is beautiful! So far, my (almost) 5 year old loves this book. I hope more books come out from this series.

Such a great book to teach young children about masjid etiquette.
