The Late Great Planet Earth

Synopsis

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

Harold Lee "Hal" Lindsey (born 1929) is a best-selling author, who is currently host of "The Hal Lindsey Report" TV program (for which he himself provides the financing). He formerly hosted the "International Intelligence Briefing" on TBN, but the show was removed as being too "pro-Israel"/"anti-Arab." Controversially, he has divorced three times and married four times. (His second wife, Jan, was the best-known, as she was featured on the back cover of his early books.)

He has written many other books, including *Satan Is Alive and Well on Planet Earth*; *There's a New World Coming*; *The Terminal Generation*; *The 1980s: Countdown to Armageddon*; *The Messiah* [aka 'The Promise']; *The Rapture*; *Planet Earth, 2000 A. D.*; *The Final Battle*; *Planet Earth: The Final Chapter*; *Vanished Into Thin Air*, etc. Carole C. Carson was his co-author for "Late Great," "Satan," and "Terminal Generation." This 1970 book, his first, was a MEGA-bestseller, selling more than 28 million copies. He wrote in the Introduction, "For the past thirteen years I have been giving messages on Bible prophecy... I make no claim of knowing exactly when the world is going to end... I believe in a hope for the future... let's give God a chance to present His views. In this book I am attempting to step aside and let the prophets speak." Significantly, he quotes Deut 18:22, then points out, "Failure to pass the test of a true prophet was a bit severe. The only grade allowed was one of 100 percent accuracy. Anything less would doom the prophet to death by stoning, which was the method of capital punishment in those days."
