Customer Reviews

Warning: May have addictive properties
Second book in the series, be sure to get the first one if you don't have it yet and read it before this one. Great story and outstanding visuals in this graphic novel. Harry Dresden does what he's best at...getting in trouble, as always. You need at least a 6" screen to really enjoy it--looks amazing on my iPad Pro 9.7-inch (128GB, Wi-Fi, Space Gray) 2016 Model, not so great on my Apple iPhone 6, Silver, 64 GB (T-Mobile). Besides, we finally get to see Lara! Highly recommended without reservation for all Dresden and Jim Butcher fans!

I am a big fan of Jim Butcher's novels. But these graphics novels are just not doing it for me. They

are too short and in the end too expensive for what I get out of them. Artwork is good, but not a good enough reason to continue buying them.

With the white court being introduced a whole new level of complexity is added to the case. Plus giant owl fight.

First three issues are great. Can't wait for next three to come out

Jim Butcher is one of my all time favorite writers! This is great!
