Customer Reviews

I liked this book because it has a lot of guns, gadgets and other amazing tools they use on all their missions. In this book they are trying to find out about a thing that crashed in Antarctica. This book is probably for third graders to fifth graders. They also run into a sniper on the way to the thing.

My kid is not big on reading so I am always looking for books that would peak his interest and get him reading. This was perfect.

grandson likes the book

A+

I bought this book for my nephew and he thought is was great.
