Black Flowers, White Lies

Synopsis

Her father died before she was born, but Ella Benton knows they have a supernatural connection. Since her mother discourages these beliefs, Ella keeps her cemetery visits secret. But she may not be the only one with secrets. Ella's mother might be lying about how Dad died sixteen years ago. Newfound evidence points to his death in a psychiatric hospital, not as a result of a tragic car accident as her mother always claimed. After a lifetime of just the two of them, Mom suddenly feels like a stranger. When a handprint much like the one Ella left on her father's tombstone mysteriously appears on the bathroom mirror, at first she wonders if Dad is warning her of danger as he did once before. If it's not a warning, could her new too-good-to-be-true boyfriend be responsible for the strange occurrences? Or maybe it's the grieving building superintendent whose dead daughter strongly resembles Ella? As the unexplained events become more frequent and more sinister, Ella becomes terrified about who or what might harm her. Soon the evidence points to someone else entirely: Ella herself. What if, like her father, she's suffering from a breakdown? In this second novel from award-winning author Yvonne Ventresca, Ella desperately needs to find answers, no matter how disturbing the truth might be. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
