"Top 10 for Kids Deadly Animals" is a jam-packed treasure trove of facts about the biggest, deadliest, wildest and weirdest animals on the earth. The book is eye-catching, colourful and lots of fun with its team of four guides who take you on a journey of discovery with their humorous anecdotes, "Killer Facts" and "The Lowdown" details. I've had many "wow" moments learning little known facts about the most aggressive, deadliest, and biggest creatures in our natural world. It even includes a section on the deadliest prehistoric carnivores, and a quiz at the end to see what you remember. I know this book is going to be a hit at my library and will be enjoyed by generations of kids as well as adults taking a sneak peek.
