Am I Really A Christian? (9marks)

Synopsis

Are you really a Christian? You may think you are, but you may not be. After all, Jesus himself said that some people will do seemingly "Christian" things in his name but will not truly know him. Or maybe you know you are not a Christian and you wonder what it really means to be one. To be sure, however, there is clarity from God's perspective. He is not confused about who does and does not know him. And though our self-awareness is certainly limited, we have been given biblical criteria to help us evaluate whether we are indeed followers of Christ. Mike McKinley shows us the importance of examining our standing with God and helps us to fearlessly ask the hard questions, ultimately allowing us to see whether we are in the faith and what exactly that entails.

"Am I really saved?" is a question that many Christians have likely asked themselves at some point. It's something that weigh on the mind of the newer convert or the churched individual going on 40 years in the same church. Far from being irrelevant or pointless, it's dealing with our eternal destination, and so is certainly worthy of serious consideration. Mike McKinley's work in this book is generally clear, concise writing, but he also carries a light touch throughout, and the whole book is a very easy read. McKinley covers multiple key aspects of truly being a Christian, including:-Trusting the facts of the gospel-Hating sin-Perseverance in the faith (see note below)-Loving others-Loving stuff over Christ At the same time, McKinley admits this is not an exact science, but points to verses that can give the Christian assurance in his or her faith. Additionally, he's right to point out the

self-evaluation is difficult, and accountability is a big aspect of belonging to a church and fellowship with other Christians. Many of the 9Marks books are known for being geared towards church builders, pastors, and elders, but there are also books like this one that are easily accessible to even inexperienced, newer Christians. Coming in at only 160 pages, it also has discussion questions at the end of each chapter, as well as reflections on repentance and application, making it suitable for possible small groups use as well as for the individual. This is not a "scare tactics" book, but neither does it pull any punches in addressing how a Christian is instructed to act, and just where true belief needs to lie.
