## Customer Reviews

Once again, Dr. Chuck Missler has opened my eyes to the things revealed in Revelation & using the rest of The Bible to understand the times we live in. Thank you for putting this in a form that is easy to read & understand!

As with all of Chuck Missler's material. It is informative, well researched and worthwhile. A good

addition to any Christian library.

As scary as the first part of the book may be, he always ends with our one Hope. He presents the gospel and I appreciate that about his work.

Being a believer or not, this book and the other horsemen books are a must read for all of us. I am a believer and follower of our Lord Jesus Christ and read everything I can.
