Black Lagoon, Vol. 10

Synopsis

Lock n' load with the baddest group of mercenaries ever to hit the high seas of Southeast Asia! Aboard their World War II torpedo boat, the Black Lagoon, Dutch the Boss, Benny the Mechanic, Revy Two Hand, and Rock, the salaryman from Japan, deliver anything, anywhere. In the dangerous underworld of the Russian Mafia, Chinese triads, Colombian drug cartels, crazed assassins, and ruthless mercenaries, it's hard to know who to trust. But if you've got a delivery to make, and you don't mind a little property damage along the way, you can count on the crew of the Black Lagoon! Benny's tech-savvy girlfriend Jane has recruited Feng Yifei, a Chinese spy, to help her hack into a massive German defense company. But Jane's real motive is to blackmail the Chinese government by exposing their operations and hang Feng out to dry as a scapegoat. The People's Liberation Army isn't going to let this slide, and it's not long before they hire local mercenaries to wipe out Feng and anyone that gets in the way, including the crew of the Black Lagoon!

About a year ago, I couldn't stand most anime because I thought that it was way too pervy (The whole school girl fetish mostly) and how drawn out some stories can be. (Dragon Ball Z, Pokemon, Naruto, etc.) My friends kept insisting that it wasn't "always" the case and I should check out Black Lagoon. I kept turning them down, but eventually I caved and sat down to watch it. 3 days later I had finished the OVA, and needless to say I was hooked! I had never experienced an anime that was not

only action packed and bad ass, but also something that I registered with emotionally. I wanted more, but there wasn't any nor had there been anything new for almost 5 years! I had heard rumors that another volume of the manga was in the works, but I wasn't expecting anything any time soon, so I bided my time with other animes. Such as Code Geass, FMAB, Hellsing Ultimate, Cowboy Beebop, Attack On Titan, even a few episodes of FLCL haha! A few months and 2 semesters of college later and this sucker drops out of the blue! I was busy with finals so it slipped through my radar, but I was ecstatic when I saw it had popped up on my recommendation feed! Having never read a manga before, it took some adjustment to get used to reading from right to left, but I found the manga to be easy to follow along with. The volume itself is rather light hearted and fun. Which is rather appropriate considering that Roberta's Blood Trail story arch was quite the heavy hitter. There's not a whole lot of action in this one, but it's still a great read that's chalk full of laughs. I also enjoyed the art style of it, as the B&W adds to the tone of the series well. Though it can be difficult to tell what is happening during the fight scenes, which is also kinda appropriate if you think about it.
