CHEMISTRY STUDENT EDITION

Synopsis

Appealing graphics boost students' interest and understanding of chemistry. Chemistry "looking at what matter is made of and how it behaves, down to the subatomic level" comes alive with this new text. With enticing, full-color graphics and page layouts that draw students in, Chemistry provides a clear, sound basis of scientific knowledge. Besides presenting chemistry fundamentals, the text offers bonus features that dispel common myths and provide examples of connections between chemistry and the environment, technology, and consumer choices. It also presents real-life problems affecting the world and their chemistry-related solutions. In addition, Investigations and Express Labs give students added exposure to chapter concepts for greater comprehension. A perfect introduction to the field of chemistry. Lexile Level 880 Reading Level 3-4 Interest Level 6-12

Book Information

Hardcover: 840 pages

Publisher: Pearson/AGS Globe (April 7, 2006)

Language: English

ISBN-10: 0785440453

ISBN-13: 978-0785440451

Product Dimensions: 7.7 x 1.5 x 9.4 inches

Shipping Weight: 3.2 pounds (View shipping rates and policies)

Average Customer Review: 3.3 out of 5 stars See all reviews (3 customer reviews)

Best Sellers Rank: #361,146 in Books (See Top 100 in Books) #56 in Books > Children's Books > Education & Reference > Science Studies > Chemistry #639 in Books > Textbooks > Education > Secondary Education #939 in Books > Science & Math > Chemistry > General & Reference
Grade Level: 6 - 12

Customer Reviews

I bought this book for my home school son. However, there are too many calculation errors, just in the first few chapters, to make this a reliable resource. I was disappointed because the brand is usually dependable.

Book received as expected in super condition. Still confused by edition but not the fault of sender.

this book covers all the essential topics of chemistry in an easy to follow manner. I read this book

after i had taken chemistry in college years back and can say that what it covers is very similar to what is covered in college in a General chemistry course.very satisfied with the purchase.
