Junie B. Jones is a character, and has a unique voice. However, she exercises a pet peeve of mine in that she "talks wrong." I had a lot of resistance to a character that continually coins words and makes grammatical errors (ones that a child that age should be overcoming), but then I loosened up and used the way she speaks as a launching point for discussions with my daughter on how something she said should be phrased, or could be expressed better. So, that coupled with the fact that my daughter just tears through these books and wants to read them over and over adds up to a thumbs up for me. But do balance this out with books that are grammatically correct.

This book is as funny as any of the other Junie B Jones stories. So if you are a fan of Junie B

Jones, you MUST read this book. This book is perfect for kids ages 6-8. The book is very enjoyable-a story you will surely enjoy again and again!

I love love love Junie B Jones. And MOST importantly my 7 year old LOVES LOVES LOVES Junie B Jones. We are on Book 23 now and Flying thru them. The author is sooooooo funny. Some reviewers have ridiculed the behavior of Junie B Jones, but I use it as an opportunity to reiterate good behavior.... That Junie B Jones, she shouldn't have done that. Oh that little boy was not nice. Silly Junie B Jones.

Very easy to read books for 1st and 2nd graders, I myself read them when I was in kindergarten and I loved them, so I bought the first three sets for my little sister. She loves them and finds them entertaining. I am not quite sure why some parents feel offended, it's just a book of a little bratty girl. No one likes boring books. Junie B. Jones is so funny and entertaining! Boo for boring books.

My daughter is 5 and she absolutely loves these books. Personally, as the adult reading them with her, I love them as well. Barbara Park is hilarious and definitely has her finger on these kindergarteners!

Junie B Jones is the silliest little girl ever. I love reading all the junie b jones. Sometimes when I'm reading about her I picture one of my daughters in my mind's eye. I laugh until I cry. I know some have wrote reviews about how she talks and some of the words being misspelled but hey, she is a kindergartener. Then a first grader. She is right where she is supposed to be with her spelling. And can't we just let them be little? Anyways I love the books and so do my kids. And they make for some awesome family reading time!

My son loves Junie B Jones books. He is in second grade and has dyslexia, we buy the books and the audio books so he can follow along with the narrator. His reading has really improved tremendously by doing this exercise. She is a sassy girl with lots of spunk and I can't help but enjoy the stories too.

Although the language can be difficult to decipher, my daughter loves reading these books out loud. They are great for kids who are decoding words and at the medium level of beginning to read and it is easy to check their comprehension of what they have just read.
