## Customer Reviews

I purchased this book for my adult daughter to share with her second grade class. She will be missing school in the fall to take a trip to New Zealand, and I knew her students would enjoy studying about where she was going. I was impressed with the pictures and the variety of information in this book. I think they'll enjoy it..

This book has loads of facts complemented by clear, exciting photographs. The kids in my class easily located information and enjoyed reading it.

Excellent overview of important and fun facts about New Zealand! The additional pictures enhance the overall reading and provide an enjoyable experience for children.
