Demonology And Deliverance II: Study Guide

Synopsis

Whereas Demonology and Deliverance, Vol. 1, focuses on the doctrine of demons and deliverance, the primary focus of volume two is the particular influences of demon power in our world today and their dangers. Dr. Sumrall became recognized as an authority on this subject, so much so that he was subpoenaed to the largest criminal court in the United States to offer expert witness. Chapter titles in this volume include, "What is Black and White Magic?" "What is Hypnosis?" "The Mystery of Reincarnation" "Can Witches Stop Witches?" "Do the Stars Influence Human Life?" "Are There Monsters in the Spirit World?" and "Haunted Houses and Ghosts." (Note: This study guide is written in outline form and is most beneficial when accompanied by the audio or video teaching series.)

anyone interested in Deliverance would be will served to read Sumralls study on this subject. He went home to be with the Lord but his teachings are sound especially in this day and age when most Christian churches pride themselves on accepting everything and believing nothing!

It's important to note that this is a STUDY GUIDE and you'll need to buy the 12-14 CD teaching series seperately, but it's all money well spent. This study guide really is not intended to be used without the CD teachings. I recommend all the Demonology & Deliverance CDs from both Volumes 1 and 2 as well as the study guides that are obviously sold separately (as this one clearly is). Everyone should own the CD teachings and corresponding study guides by the phenomenal and

impressive late Dr. Lester Sumrall, who most people respect as the leading expert on this subject. It's important to note that he (Lester Sumrall) has internationally practiced all he teaches (with tremendous success), so who better to learn from? If you're looking for freedom for yourself or others, or just simply looking for understanding on the subject of demonology and deliverance... you're not only on the right path, you are on the BEST path!

Dr. Sumrall has that rare quality of absolute faith and authority. His message is Bible based and challenging. The dominant thing I look for in a minister is whether or not he admonishes us to read the Word of God for ourselves. He does this. I like him.

The problem I found for this book is that its more like encyclopedia rather than a tutorial on how to remove demons

Trusted seller highly recommend delivered without delay as promised thx '• •
