Customer Reviews

I am a pastor in the United Methodist Church, and I believe this is the best interpretation of Scripture for children while also using artistic license to make it appealing for children. It organizes and refers to more stories that add depth to this publication versus other children's bibles. I ordered and reviewed multiple children's bibles and I choose this one over the rest. The differences may appear subtle but they make this book stand above. One of the differences that are great to me is that the stories are not developed from multiple references to different scripture passages but a direct children's retelling of passages from Scripture. So when we focus on a Scripture lesson in worship,

we can find a children's version in this Spark Story Bible.

My 5 year old cannot wait to read this every night.

Good gift for a young reader

Hope it will kids interested in the Bible.

The bibles arrived quickly how while not damaged the covers were very dirty, as though they had been sitting uncovered in a warehouse. Because of the time frame for or need we had to have our secretary spend several hours carefully cleaning them so they were presentable.
