Customer Reviews

(3/12/2004)My earlier glowing review was done some months ago. I have since downgraded my opinion from 4 stars to 3 stars. The dictionary is too basic and insufficient - will not really teach you what you need to learn. If you are looking for a dictionary, then Shlomo Zilberman is very good. If you want to increase your vocabulary of people, places, things, then this is good. However if your

goal is to learn conversational Hebrew, then it won't help. Since then, I have tried to learn at a synagogue from a teacher using an excellent book with comic cartoon stories and cassette tapes and have learnt much more. The book is "Haveyeth Ushma" ("Express and Learn") by Judith Case and Paul Anokh but unfortunately is published in Israel - the copy my teacher has is in Russian and Hebrew. Is there an English edition? I wish some publisher here would publish it. Even so, we are able to learn with a little translation from our teacher because the cartoons are rich with clues. You learn the different verb forms almost subconsciously and the level of conversation is much higher than with other products. It is both visual and aural. The conversations in the book are also witty, warm and authentic (exactly the way real people speak, not 'staged'). It is better than Pimsleur.------(Oct 2003) I bought this book together with the Hebrew Picture Word Book by Steadman/Cirker. This book is fast learning if you are a visually oriented person and is a very good way to learn nouns quickly. However I feel that the book is insufficient for really learning Hebrew. Nouns/Verbs are not everything. 1) The pictures here are colorful but the other book actually lets you paint or crayon in the pictures. for me, Cirker/Steadman is great fun!
