I'm a teacher and I have read this book with great personal enthusiasm to lots of kids, and I have to
tell you that they are not all that enamoured with it. It is a story with a deep meaning that kids
usually don’t "get" and are not necessarily ready for at a young age. The subtle plot and pictures
doen’t seem to hold younger kid’s interest and attention. Now, having said that, I absolutely love this
book and find that many adults do too. I was first introduced to the "Jumping Mouse" story in my
twenties, (20 years ago), and it literally changed my life. It is a very moving tale about spiritual
seeking and spiritual growth, really about life’s journey itself. The illustrations in this book are unique
and gorgeous. A nice book to give as a gift to friends who are spiritually oriented and like Native
American perspectives. Some kids may like the book, especially those who are interested in the
themes presented. Could be used as a teaching book for kids and adults in a spiritual setting, but I
A neighbor gave me this book to read, because she knew I loved childrens books. It gave me goosebumps; I had to call my mother and read it to her. This book is about persevering in the face of seemingly insurmountable obstacles, about the power of dreaming and the power of faith and the power of effort. It is an incredible adaptation of Native Americans belief and ways. I give copies of this book to everyone whom I love: child or adult.

This is a book that children will adore but which grownups will keep in their heart forever. We all aspire to pursue our goals with such innocence & strength as did Jumping Mouse; we all hope we are the heart-guided friend he was time after time and that our passion for such selflessness will be so richly rewarded.

This lovely Caldecott honoree related the Native American legend of a mouse that morphed into an eagle by magic, determination, and force of character. A mouse listens to tales told by older mice that include visions of a far off land. He determines to visit the far off land even though he doesn’t know much about traveling and is sure to encounter dangers. Shortly after setting out he meets the Magic Frog, who kindly transports him across the river. The Magic Frog also confers the gift of jumping legs on the mouse, which will serve him well the rest of the journey. Along the way he meets an Old Mouse, whose pessimistic attitude of ever reaching the far off land is rewarded when the Snake comes along and eats him. "Poor old friend," thought Jumping Mouse. "He lost hope of finding his dream and now his life is over." Subtle this tale is not. After giving up his sight for a blind bison and his sense of smell to a smell-disabled wolf, Jumping Mouse proves that he is unselfish and worthy of good things. Magic Frog turns up when Jumping Mouse’s hope of seeing the far off land is fading. He magically turns Jumping Mouse into an eagle. The illustrations are more compelling than the story, drawn with charcoal pencil (I am guessing). They are lifelike and vivid, adding charm to the simple tale. The standard animal figures of buffalo, wolf, and eagle seem to turn up in most Native American literature.

John Steptoe’s 40-page illustrated version of The Story of Jumping Mouse is a Native American legend of a Magic Frog who gives his jumping legs to a discouraged young mouse that had recently set out on a quest -- a journey to a far-off land. The frog also tells Jumping Mouse to remember three words -- "never lose hope." Rejuvenated and able to travel much more quickly, Jumping
Mouse continues on his journey. On the way he encounters a fat mouse who invites him to stay with him the rest of his life in a safe haven. But Jumping Mouse is determined to continue his quest and later discovers his acquaintance is eaten by a snake. When his journey brings him to a vast prairie Jumping Mouse is surprised to meet a lonely buffalo just standing there. Upon inquiry, he learns that the buffalo is blind, so Jumping Mouse imitates Magic Frog by giving his eyes sight to a blind buffalo and the buffalo leads him across the prairie on his back. At the end of the prairie the buffalo can go no further and Jumping Mouse recalls Magic Frog's words, "never lose hope" and thus journeys animal that identifies himself as a fox that can't smell. Jumping Mouse tries his magic once more and is able to give the fox his nose. The fox, delighted at his cure, accompanies Jumping Mouse through the forest. But as the forest ends at the foot of a mountain and the fox can not go any further, Jumping Mouse goes to sleep in despair in the face of this seemingly hopeless barrier to his goal. Suddenly Magic Frog appears again and tells Jumping Mouse to jump as high as he can and remember his words, "never lose hope." He gathers his courage, leaps as high as he can, and discovers himself soaring over the mountain as Magic Frog below shouts out Jumping Mouse’s new name -- "Eagle." This is a wonderful story to teach children about Hope, Determination, Sacrifice, Hardship, and Compassion.

One of my favorite folk tales, this is the story of a brave little mouse who breaks out of mousy stereotypes and takes a journey to find his real self. He gets some help along the way as he moves from his small, limited existence, to soaring adulthood. In the days when few read and there were no books, the wise elders told these stories to help children understand about the challenges life would bring to them. Later, these tales were collected and now they can be shared; a great and abiding gift.
