Customer Reviews

As a grandparent I'm a huge fan of Anna Dewdney's Llama Llama series books (the little ones love them too). So of course I had to immediately order this latest book when it was released earlier this month. In this story little Llama Llama is going for his first overnight ever. He loves spending time with Gram and Grandpa even though he's probably a little nervous. He helps mom pack his overnight bag, and gets ready for the car ride. After mom leaves and Llama Llama goes to unpack his bag he realizes "fuzzy" Llama is missing and he can't stop thinking about him. However, he's still enjoying some nice snacks and some new ways to keep busy and have new kinds of fun at Gram and Grandpa's, but when bedtime comes he is missing "fuzzy" llama. Grandpa, however, manages to come to the rescue and makes everything all right. What is so nice about this book and the other

Llama Llama books in the series is that they discuss a problem or issue and come up with a solution in the process. Each book is told in simple, rhyme verse which children (especially little ones) love and find easy to memorize as well. The bold illustrations, pleasing colors and details make this book and this series a pleaser for kids, parents, teachers and of course grandparents.

This great-grandmother had to have this book for the little ones. We love the Llama Llama books and I really appreciated the fact that Anna Dewdney has decided to honor grandparents in her new book. It makes me feel special. Through the years I have seen so many young children enjoy the Llama Llama books. They are just pure fun to read and we love the illustrations a lot. I am enjoying reading this one to our greats and even one of the grands! Llama Llama is just good stuff.

my granddaughter read it to me with some help from mom on facetime!! How special. You can't miss with this one. She is 5 and in kindergarten. Just great for helping youngsters view of first time at grandma's house.

As always, fun rhyme with the modern classic Llama Llama family. Llama faces kids adore. A Llama family that have entertained and guided youngsters for Ddecades and Ddecades. Safe fun family entertainment. Stories aimed for the young, but they place adults with children. What a gift in today's society. We have quite the collection of past Llama Llama books. This will no doubt become a new favorite. We are grandparents and often gift books to our grandkids. We read to them when we can, at least until their interests turn to e-devices. This is one to both buy for gifting and read to kids. Don't forget the great Llama Llamas of the past, like: Llama Llama Holiday Drama

Anna Dewdney never fails to put a smile on your face when it comes to Llama Llama. My kids have grown up reading the series and we were so excited for this new one! Llama Llama goes through the same experiences other children do, and this book is no exception. It's fun and exciting to do overnight visits at grandparents houses, but sometimes things don't go as expected. It's all okay though because Gram and Grandpa come to the rescue and all is right again in Llama Llama's world.

BOUGHT 6 OF THESE HARDCOVER BOOKS FOR MY GRANDAUGHTER FOR XMAS. ALL 6 DIFFERENT STORIES FOCUS ON THE IRRITATIONS OF DAILY LIFE FOR THE POOR YOUNG LLAMA. EASY TO UNDERSTAND STORYLINE FOR ANY 18 MONTH OLD OR OLDER. THE

ILLUSTRATIONS IN THE BOOK ARE ALSO VERY EXPRESSIVE. YOU WILL REALLY ENJOY READING THESE BOOKS TO THE KIDS..

I am so lucky that I live close enough so my little 3 year old granddaughter can come to her "other house". Which is ours. This book is a "never miss during story time" favorite, and she and I say our favorite lines together. Love this book, love that the author wrote it to reassure little ones who are away from home.

My 3 year old has been loving this book lately. She will be spending the night away from me later this month and I'm so glad I bought this book because it is really going to help prepare her for the stay.
