Customer Reviews

I had twelve years of catholic schooling so I am pretty familiar with the Jesus story so to read it alongside with a very different concept of religion and spirituality was very interesting. Dr Hall outlines some amazing points and thought provoking concepts that really opened my eyes to a new way of thinking. For the fans of theology or those who just want to open their minds this book is a must have.

Although rather short at 100 pages, provides some information backing the theory that a feminine presence has been mentioned in Christianity and to some extent portions of the bible. A good read for a theological debate.

I really enjoyed this book and found it very helpful as CHRISTOPAGAN myself. I like that the author seems to be more Christ focused like myself unlike other books on this topic. I AM LOOKING FORWARD TO THE AUTHOR'S next book on this topic. The author does a very good job explaining the pros and cons and benefits of blending 2 religious mindsets. Does a very good job on showing how blending CHRISTIANITY with Paganism does not diminish either of them. I recommend this book to those of both faiths to help explain what we are doing as ChristoPagans and to those who want to blend their own spiritual path.

Not what I had expected, Probably a positive concept but not one I subscribe to.
