E.W. Bullinger truly wrote a masterpiece when he wrote this book. Originally published in 1905 this book is still considered the authority on the usage of "Holy Spirit" in the new testament. The first 50 pages explain the 14 ways in which the term holy spirit (pneuma hagion) is used in the new testament. After that the book looks at every verse in the new testament where holy spirit is used. Bullinger does a masterful job of pointing out "To Whom" the verse is talking about. This book will open doors of understanding you never knew were closed. A must read for all Christians in my humble opinion.

Popular teaching today is all based on the principle that the flesh can be improved. So many people today remain ignorant of their fundamental Christian position and teaching of grace applied and use terms such as "born again" incorrectly. With Bullinger's word studies on the Holy Spirit they can learn their standing, state and future condition based on the word of God and of promises that never entered the imagination of man. Don't go to the grave without reading this book!

I do a lot of teaching about the Ministry of The Holy Spirit and when I saw this book and that it was

by Bullinger, who is a language scholar, I knew it would be an invaluable resource for me. I was right. Deeper insights to many references to the Holy Spirit and what the verses ARE saying.

The Author did some serious studying from Genesis to Revelation...and it shows. He covered every single instance of "Pneuma" (Spirit) in the entire Bible in addition to a few other words and not just the Spirit of God, but man's spirit as well. It doesn't matter how long any of us are a born-again Christian or are just interested in the subject: this gentleman teaches us things of God that we didn't even know or realize. An excellent and very thorough study. He ranks among those who shed light on the Gospel for our benefit and saves us countless hours of time. I have no problem recommending this book.

This book is awesome. I was truly touched after studying this book along with the word of God. I found this book a keeper and a great book to put along side of my other study books.

This is a fascinating study of the usages and differences in the translation of the words and phrases concerning the Ruach Kadosh and His giftings

This book studies all the Holy Spirit words and shows that usually they describe a new nature that is the result of the Word of God. The use of metonymy is a figure of speech used with the effects of the Holy Spirit. A Good Book!

Complete and Remarkable Study.. Would highly recommend this to anyone as a great resource of truth because every statement is reference with scripture..
