## Customer Reviews

I bought this for my 7th grader. It's 8.5x11 size is perfect for a binder along with the math reference guide and planner for projects I bought from the same manufacturer. We keep it on the family desk for easy access. The size is nice and convenient. The flat size is better than a full sized thesaurus. I recommend this product.

Great book! Tons of words. I like that its set up to go in a three ring binder. I bought eight different notebook reference books like this and they are all in one big binder. Love it. A resource for my children all the way through homeschooling. Thank you!

I bought this because my daughter needed it for her school notebook. I think that it could certainly be priced better...like the actual bound books, maybe...

thesaurus required by teachers. had to fit into the binder. found quickly on website. arrived timely. does not take up too much space in binder.
