Synopsis

"Adobe Captivate 9: The Essentials" is a self-paced training workbook that teaches the core Adobe Captivate skills needed to create interactive eLearning and mLearning content. By following step-by-step instructions, you will learn how to create a soft-skills lesson from scratch. You'll learn to record and produce software demonstrations, and interactive training simulations. By the time you finish working through this fast-paced book, you'll know how to control the mouse pointer and add such standard objects as text captions, images, characters, assets from the eLearning Brothers, and highlight boxes. You'll be able to record, import and edit audio, and further enhance the learner experience by adding interactivity via click boxes, buttons and text entry boxes. Have you already created content using Microsoft PowerPoint? Don't throw that presentation away. You'll learn how to import existing PowerPoint content into Captivate. Last, but not least, you'll learn to publish your project in SWF and HTML5 formats so that your content can be uploaded to a web server for consumption on virtually any device, including the iPad, iPhone and other mobile devices.

Customer Reviews

I'm only three chapters into the book, but so far every exercise has worked exactly as advertised. I experienced a couple of Mac-specific hiccups, but on reviewing the text found that the author had included VERY helpful work-arounds -- and the work-arounds solved every glitch I've encountered. Nice work!Captivate is obviously a ton of fun to work with, and Mr. Siegel makes it easy to dive in. I've already ordered his Beyond the Essentials book.

Great workbook! It took me from being a novice to creating lessons. I immediately bought the follow up book-Captivate 9 Beyond the Essentials based on this book and was not disappointed.https://www..com/gp/product/1932733906/ref=cm_cr_ryp_prd_ttl_sol_3

I keep having to Google what I need because I can't find it in the book. Also, there are typos.

This "let me try" book is very well planned and all the activities are clear and allow the reader to explore the tool.Thank you Mr. Siegel
