Pocket Dictionary For The Study Of New Testament Greek (IVP Pocket Reference)

Synopsis

If you are beginning your study of New Testament Greek or Greek exegesis, this book is for you! From ablative to zeugma, it defines the tangled terms that infest Greek textbooks, grammars and lexicons. Here is the book to deliver you from late-night ponderings of the predicate and frantic fumings over the fricative. It is the indispensable lexicon to that third language that is neither Greek nor recognizable English: the technical vocabulary of grammarians, lexicographers, linguists and Greek instructors. What's more, this pocket dictionary gives you the inside edge on the terminology of exegesis, textual criticism and biblical criticism. Careful definitions, helpful examples and copious cross-references make this economically priced, brief dictionary easy to use. And its convenient size will make it a constant companion in your study of the Greek New Testament.

Book Information

Series: IVP Pocket Reference

Paperback: 138 pages

Publisher: IVP Academic (September 27, 2001)

Language: English

ISBN-10: 0830814647

ISBN-13: 978-0830814640

Product Dimensions: 4.2 x 0.5 x 7 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)

Customer Reviews

I have recently purchased this book, and it has already paid for itself! I am a 1st year seminary student that has been exposed to about 4 years of Greek. I attend the church where the seminary Professor's Pastor and teach. I have also known many seminary students and graduates for the same reason. Over the last 4 years, despite the attempts of Professor's, students, and Summer's Beginning Grammar, I have been unable to fully comprehend certain terms or concepts dealing with Greek grammar. One such example, is the "distance from reality" of certain moods. For the first time in close to 5 years, I have a grasp of several concepts that have eluded me. This is thanks solely to

this awesome little book, "Pocket Dictionary For the Study of New Testament Greek." I have found the definitions to be crisp and clear, and highly illuminating. Its as though I finally have an author that writes on the same frequency that I learn on! I also discovered today in class that the Greek Professor owns a copy as well. He has over two decades of experience teaching Greek. For the first time, he found a definition for a verb composition that has eluded him for years. He discovered it in this same book. A brief perusal of "Pocket Dictionary For the Study of New Testament Greek" has already shown me that I am in for quite a treat. This book has virtually opened up a whole new world of terms to me, some of which go beyond Greek, into areas like "Textual Criticism." I typically am not one for writing reviews. But there may be others reading this, that are like me. I am clear that it is God's will for me to master Greek. But while I appreciate Summer's, Mounce, Wallace, Dana & Mantey, and the plethora of other grammars out there...
