## **Customer Reviews**

I was very disappointed with this book since it was not at all what I expected. What I expected was that the child could use the stickers to change the story (i.e., the rhyme) to whatever they thought best. But there is no story or rhyme in the book (although I suppose everyone already knows the "There Was an Old Lady" rhyme) and the stickers have little to do with the story. I guess that's my bad. Nevertheless, I gave it 3 stars because the stickers are cute and my 5 year old grandson just loves to put stickers on everything and 100 stickers will keep him busy for a few minutes at least.

This is a natural progression of all of the "Old Lady" books I have bought for my Grandson. He loves the rhythm when you read it to him and you change the rhythm he just laughs and laughs and this sticker book he really wanted to attack the sticker but mom stopped him.

This book is very readable. Elementary children boys and girls love it and it's the only book of the series that we have that an insert. It has stickers so cool!

My students absolutely love Lucille Colandro's series of books. They can't wait to see what the Old Lady spits out at the end. Highly recommend getting all of them.

I did not realize the stickers had already been used. I ended up recycling this book. I could not use it for what I had intended.

Good book, but I thought it had her swallowing stickers to make something.

Wow! It is for my granddaughter's B-Day. She will love it!!

I love all these stories about who swallowed what
