C.S. Lewis: The Story Teller (Trailblazers)

Synopsis

Adventures into another world, stories of mystery and wonder, these are what fascinated and excited Clive. He was just a boy but would sit for hours writing stories where animals came to life and lived and spoke just like human beings. This little boy grew up to become the world famous writer C. S. Lewis. However throughout his life he preferred to be called Jack. The reasons for this peculiar change of name and other interesting facts and stories about C. S. Lewis are retold in this book. It was written in the centenary year of his birth - this is a reprint. This book takes you into the life of C. S. Lewis, the child, the scholar, the husband, the writer and the believer in God. Derick Bingham has researched this book thoroughly and has lovingly retold the story of this great storyteller.

Grade Level: 3 - 4

Customer Reviews

Watching the film 'Shadowlands', or seeing the play of the same name, gives you the impression that Lewis was remote and awkward around people. Reading this fine youth biography shows you that underneath he had an innate sense of wonder that was stifled by his upbringing and work. It found an outlet in his books for children and camaraderie with the 'Inkspots'. This is a revealing biography because it is written for young people. A suitable vehicle for finding out about the author

of the Narnia Chronicles! I found it much less precious than other books on Lewis - probably because this was written by a fellow native Northern Irishman, rather than a fan. It also wrecks several pompous academic careers by including a letter from Lewis to a young girl, explaining what each of the Narnia books is about. Moving, heartwarming and fun.

I liked the length of the book. It was a well-written & concise intro to the study of this great man.

Perfect for my 10 year old daughter's book report.

got this for my son to do a book report and he enjoyed the book, actually read the whole thing!
